8 August 2005

Dear Sirs,

We refer to the above application and to our recent correspondence regarding the change of address and status of this case.

We were advised by Thien Le via e-mail on 1 April 2005 that this case was in condition for possible abandonment due to mail being returned. We replied on 4 April 2005 with evidence that we had attempted to change the address with the USPTO and also had a redirection in place for our correspondence through the Australian postal system. We have heard nothing since then.

As such, we request that the non-final action of 25 August 2004 be re-sent to the undersigned with a new date, as soon as possible.

Regards,

Michael Molins
